

DASHBOARD

CONTINUOUS IMPROVEMENT PROCESS AT THE OUTDOOR EDUCATION GROUP.

As part of The Outdoor Education Group's continuous improvement process, we seek feedback from all participants on a program; this involves students accessing an anonymous post-program survey on a digital device. The survey takes approximately 3 minutes and is completed near the end of the program on a tablet provided by the Group Leader.

The survey is voluntary for students and provides valuable information to The Outdoor Education Group regarding our programs' effectiveness.

Please contact your school's Outdoor Education Group Client Relationship Manager for more details on **Dashboard**.
