

HANDY HINTS:

- All equipment and clothing should be compact, lightweight and quick drying (lightweight sports / hiking clothes are great)
- Don't bring cotton clothing (or jeans). These materials don't retain body heat if wet (especially in cold climates) and takes a long time to dry.
- The layer principal for clothing is important, dress in a number of thin layers rather than a couple of bulky layers.
- Space is limited. Only bring the essentials we have listed. * NO AEROSOLS *NO NUTS (OEG is a Nut free provider)*
- Check the weather forecast a few days before coming on program, especially the night-time temperature. Pack accordingly.
- OEG in partnership with Australian outdoor brand One Planet have great discounts on outdoor clothing & equipment you can buy for this program. You can access this website at the bottom of your school portal home page. Click on the box labeled 'One Planet Gear'. You can even get the items home delivered!
